**\*Please note:** We compare your measurements to the manufacturer's size charts to determine a size. The size is determined by your largest measurement (For example, if your bust measures a size 8 and your waist measures a size 10, we must order the size 10. Alterations would then have to be done on the bust.). If you are taller than 5'9" you may need extra length (if available), or if your measurements suggest a size larger than a 16, additional charges may apply and vary with each manufacturer. Please understand, **ultimately the size ordered is your decision.** We can only advise you which size would be best for you, but we leave the final decision up to you.

**All sales are final. No refunds, exchanges, or cancellations.** A deposit of at least half down is required for special orders before an order may be placed. In the event you are unable to attend the function, the balance of the dress must be paid in full upon its arrival. **IF A DRESS IS PURCHASED "OFF THE RACK," ALL SALES ARE FINAL AS WELL!**

Our store cannot be liable for color variations or shipping delays by the manufacturer. Additional charges are made for sizes 18 and above, extra length, fabric, or any alterations needed. **Please remember: alterations are not included in the price of your dress** and are most often needed.

Once you are notified that your dress has arrived, please pick up the dress as soon as possible. An appointment is required for any alterations. If you are altering your dress at Mia's, we suggest you set up your alteration fitting as soon as possible after your dress arrives (once you have your proper undergarments & shoes).

I agree to the above terms & policies in their entirety.
